- The whole semester taught by students themselves. Everyday presentation for 40 minutes and more.

- He is Great! I am so surprised by seeing the professor changed his teaching style in this semester. For example, he did not ask students to give presentation . Thank you very much.
- Prof. is very timely and structural. Ideas about the course is very interesting. One thing that Prof. can do to improve our understanding of the reading is focusing more on analyze the readings in class. I think the instructor needs to request students to work harder on the presentation by asking them more difficult questions.
