No.35 Comment for Q.34

- The new online classes made it a bit difficult for shy students to voice up. However, that is not the lecturer's fault, and he encouraged us to speak our minds.

Please state what you expected specifically from this course. Were your expectations fulfilled? If not, why do you feel they were not?

No.36

このコースにあなたは何を期待していましたか？ その期待はどの程度満たされましたか？

- I took the class because I was interested in archaeology and international relations. I was interested in the course because of the title "History of the World in 30 Objects" which was something quite new to me since history classes were usually full of dates. It definitely fulfilled my expectations for the class: we had new objects every week from different time periods in different places.
- I expected to learn about "common knowledge" about history and to think critically about it. My expectations were fulfilled.
- I was expected to learn about the history of international relations. It was interesting to know the history through objects.
- 興味でクラスをとった部分が大きかったが、国際関係・美術・世界史など様々なテーマが混ざっていてこれぞリベラルアーツだと思いました。すべて英語で行われるのが負担に感じたこともありましたが、本当に面白く楽しい授業でした。
- I did not know what to expect from a course simply labelled Liberal Arts Seminar, but I expected that the course would be heavily discussion based. Most of the class was the professor speaking and it was not just a facilitated discussion between peers. But I think it was appropriate that the professor was mostly teaching because of the course materials.
- 教養を少しでも身につけること。結果としては教養だけでなく、さまざまなものの見方も得られてたのしかったです。

No.37

What specific aspects of the course were stimulating to you, and why?

このコースからあなたが触発されたことはどのようなことですか？

- I like how the professor discusses the relevance of each object. The professor also emails us about interesting things related to the subject and also shows us entertaining informative videos in class.
- I like the aspect about analyzing objects and understanding the history behind them. We take time to understand, perhaps, uncomfortable topics as well. But I think it's absolutely necessary to do these things, especially because they're difficult to talk about sometimes.
- The concept of using "A History of the World in 100 Objects" was very stimulating. It was stimulating because by focusing on one object at a time, we could see so many faces of history.
- I was interested in not only international relations, but also arts. The final report was so interesting.
- 歴史がどのようにして進み、その変化の中でいったい何が引き金となって変わっていったのかという着眼点でものをみること。

What needs to be improved in this course? Did you have any trouble understanding the course material? Please provide constructive opinions indicating what can be done to improve the course.

この授業の改善すべき点は何ですか？ 単なる批判ではなく、授業の改善につながるような建設的な意見を書いて下さい。

- 特にはないです。
- I guess it would be nice if we had group or pair discussions, especially during the time of in-class assignments. I'd love to get to know my classmates more and I think it would be great to hear what they have to say on the issues revolving the objects we have to study.
- I don't think anything needs to be improved for this course. I did not have any trouble understanding the course material.
- The content of the class was a little monotonous, so it may be needed something special. The professor said he was going to take the students to the museum if it was offline class, so these can

make the class special.

- I think the expectations for the essay at the end of the class need to be a little clearer. I was taught certain ways I should format a paper based on what type of the essay and the subject. Other than this, I think the class was pretty well structured and organized.
