No.35 Comment for Q.34

- Mostly, but more encouragement for those who may not be confident and asking those who always answer to wait a minute would be good for both sides I think.
- The professor adopted menti meter, so there were some opportunities for the discussion. However, the number of the use of it was not so much, so it may be better for the use to be increased.

No.36 Please state what you expected specifically from this course. Were your expectations fulfilled? If not, why do you feel they were not?
このコースにあなたは何を期待していましたか? その期待はどの程度満たされましたか?

- I expected from this course to know more about African continent and its international relations. My expectations were fulfilled in some measure because we can't learn everything due to the big number of countries and its complexity.
- I major in International relations and my expectations were about deepening my knowledge about IR on the African continent. My expectations were completely fulfilled.
- I expected this course will helpful that I can gain deeper understanding in Africa. Through this course, I could grasp what Africa is and its international relation is, and the curiosity to it increased
- I expected to gain a broader and deeper understanding of politics and IR in Africa and although I could not fully understand all the concepts, as someone new to IR, I feel that overall I gained a better understanding of what is going on in Africa.
- Yes they were fulfilled because I wanted to know more about Africa and its relations with Other countries

What specific aspects of the course were stimulating to you, and why?

No.37	このコースからあなたが触発されたことはどのようなことですか?
--------------	--------------------------------

- The videos were actually really helpful. I appreciated the surveys we took using Menti Meter as well. It allowed me to freely participate without worries of what others would think, and to also see the opinions of others.
- The readings and my professor motivated me a lot.
- the lecture through zoom were really well presented and always stimulating and interesting.
- I realized that Africa is complexed since many countries are interested in it. This means that the situation Africa is faced is easily changed by its circumstances, so I want to pay more attention to the world's trend.
- Discussions for better understanding

No.38	<p>What needs to be improved in this course? Did you have any trouble understanding the course material? Please provide constructive opinions indicating what can be done to improve the course.</p> <p>この授業の改善すべき点は何ですか? 単なる批判ではなく、授業の改善につながるような建設的な意見を書いて下さい。</p>
--------------	---

- I liked mentimeter but maybe also small discussion groups (breakout rooms) can help many people discuss about the issues. I think some people are still scared to speak in front of a large group of people, but are confident enough if its only 2 or 3
- nothing special
- Maybe organising debates between students
- It was oky.,did not face any troubles
- Taking this class via Zoom was of course a bit challenging and distracting, but I think despite that everything went fairly smoothly. I'm not sure what participation would be like in a classroom setting, but on Zoom, it was a little tricky to speak up as someone not familiar with IR. Typically the same 4-5 people were commenting and maybe if the professor asked for other views from the beginning, it would encourage others to participate more? I understand that this is challenging on Zoom.
